

Eagle Island is ACA Accredited!

At Eagle Island, we've always been committed to providing the highest standards of safety, quality, and fun for our campers.

On Wednesday, November 1, 2023, we received American Camp Association (ACA) [accreditation](#), solidifying our dedication to excellence! As the only recognized accrediting body for the camp experience in the United States, ACA accredits approximately 2,400+ camps nationally. However, that number represents only 25% of the camps that operate in this country.

What does ACA accreditation mean? It means that we've met up to 300 + rigorous standards for health, safety, and program quality. ACA accreditation standards cover every facet of camp operation, including site and food service, health care, management, and staffing. Our commitment to your child's well-being is unwavering. We leave no stone unturned when it comes to ensuring a safe and enriching environment for our campers.

While ACA accreditation isn't a requirement, it's a testament to our dedication to delivering the best camp experience possible.

Celebrate with me by [sharing](#) Eagle Island Camp with family, and friends (or registering yourself) –registration is open and early rates end on January 31!
